Crystalline Silica
Free Surfaces

Introducing Zulite by Linnstone

Linnstone brings together the natural allure of stone with the control of engineered materials, offering Crystalline Silica Free surfaces designed for lasting beauty. Supported by a strong supply chain and local fabricator partners, the range stays current through continuous colour development and ongoing product updates, so each slab feels both considered and dependable.

Milos

From the cliffs of Milos to the calm Aegean shore, soft layers of white and beige flow like wind over stone. Formed by fire, softened by sea, this surface holds the island's quiet soul.

8047 ⑥ Artisan

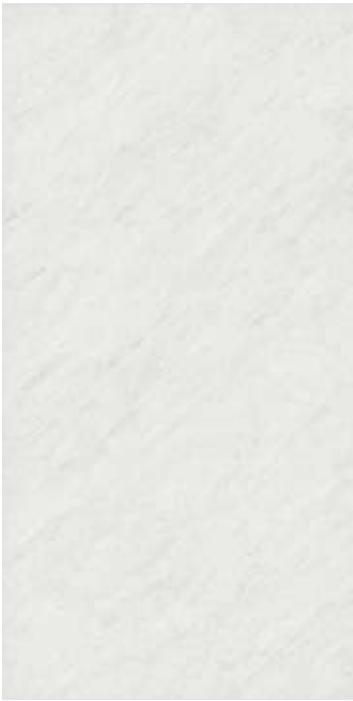

Yukon

Carved by time like ice upon rock, Yukon flows with the calm strength of the north. Its soft veins bring a breath of glacial air, serene, enduring, and pure.

8055 ⑥ Artisan

Tundra Altai

Delicate grey filaments drift across a glacial white expanse, echoing frost-etched stillness in the Altai Mountains. Ancient and serene, it carries the quiet grandeur of eternal snows.

8075 ⑥ Artisan

NEW

Hubbard White

Delicate grey veins unfold across a luminous white surface, like light moving through the quiet depths of the Hubbard Glacier. Serene and refined, Hubbard White captures the still beauty of ice, snow, and endless northern calm.

8039 ⑤ Summit

NEW

Oro Sella

Sweeping veins of sun-drenched gold wander across a luminous white expanse, tracing the honeyed ridges of the Sella Pass at dusk. Radiant and ethereal, it captures the warm hush of the Dolomites.

6046 ⑤ Summit

Golden Punaluu

Waves of gold flow across a soft white base, graceful and radiant beneath the light. The surface glows with quiet luxury, a balance of warmth, purity, and refinement.

6033 ⑤ Summit

Punaluu

A pure white base is traced with bold black veins, like ink flowing across untouched snow. Each line moves with natural rhythm, bringing contrast, clarity, and calm power.

6022 ⑤ Summit

Pulag Cloud

Soft grey veins drift across a pure white base, gathering and parting in gentle motion. Pulag Cloud mirrors mist over mountain ridges, serene, graceful, and endlessly pure.

6009 ⑤ Summit

Eiger Mist

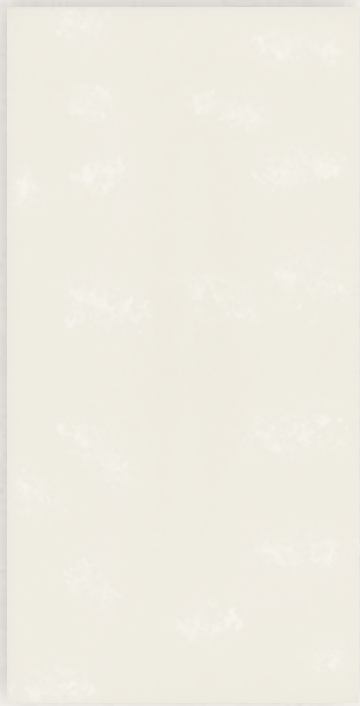

Grey veins whisper through a misty white base, like clouds tracing the face of the Eiger. Quiet and timeless, it holds the calm of mountains in the fog.

6073 ⑤ Summit

Bells White

Bells White carries the calm of Bells Beach, soft white veins drifting like tides across the stone. Gentle as sea foam fading to silence, it fills spaces with serene, timeless ease.

5047 ④ Signature

NEW

Calacatta Blanc

A bright white canvas, cut by bold grey veins, like glacial paths carved through Mont Blanc’s stone. Strong yet graceful, Calacatta Blanc brings the Alps indoors.

6091 ④ Signature

Teton Gold

Teton Gold reflects the grandeur of the Teton Range, where snow-capped peaks meet the glow of sunset. Soft gold and grey veins flow across a pristine white base, capturing nature's quiet strength and timeless grace.

6024 ④ Signature

Gunnison

On Gunnison, light and shadow intertwine, a deep dark base cut through by radiant veins. Strong yet refined, ancient yet new, it holds a calm energy and a quiet mystery within.

6025 ④ Signature

Soft layers of grey move across a muted white base, echoing volcanic ash settling over rugged terrain. Inspired by the raw beauty of Katmai, the surface carries a quiet strength shaped by nature and time.

Ladoga

Grey veins drift like icy rivers across the surface, tracing the quiet movement of Lake Ladoga's frozen shores. Calm yet expressive, its flowing patterns bring a sense of depth, rhythm, and natural elegance.

Baffin Grey

Echoing the silence of Baffin’s ice fields, its grey veins move like wind-carved trails in snow. Cool, composed, and eternal, a reflection of nature’s quiet power.

5176 ③ Premium

NEW

Alet White

Amid alpine stillness, light glides across the peaks. Soft grey veins trace through a luminous white field, like streams beneath ice, silent, enduring, and pure. A quiet elegance born of snow and time.

5035 ③ Premium

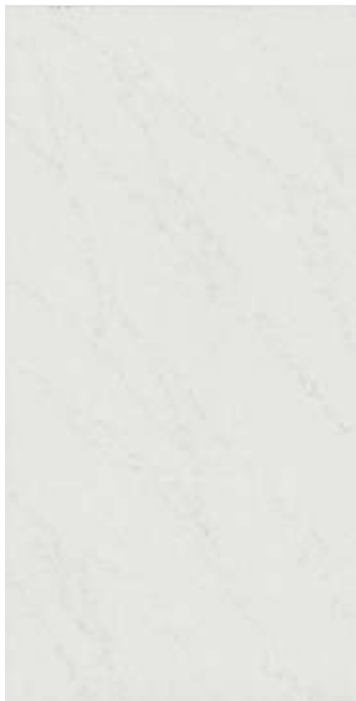

NEW

Byron White

As waves chase and intertwine, warm taupe veins drift across the milky surface, capturing nature’s quiet rhythm and depth. Its cascading design flows like the sea itself, bringing movement and mystery to any space.

5015 ③ Premium

Vinson Crest

Bold black ridge veins sweep across a crisp white surface, like frozen trails cutting through the vast stillness of Antarctica. Inspired by the towering presence of Vinson Crest, the design feels sculptural, clean, and quietly powerful.

5107 ③ Premium

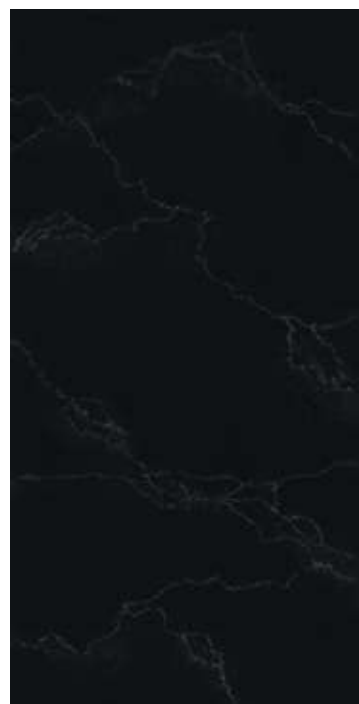

Tucson Lightning

5121 ③ Premium

Where night meets storm, brilliance strikes through shadow. White veins flash across a deep black base, echoing lightning over Arizona skies, bold, fleeting, and eternal.

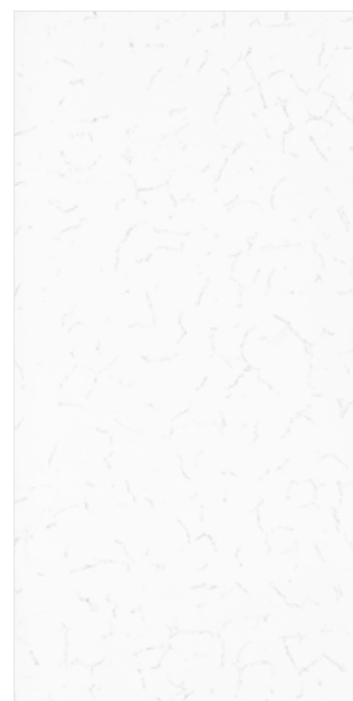

NEW

Salar

Inspired by the purity and stillness of the Uyuni Salt Flats, this Carrara-style surface reveals a crystal-clear white base. Soft grey veins sweep gently like wind over salt plains or light gliding across calm water, natural, serene, and gracefully modern.

Why Linnstone

Zulite by Linnstone is a revolutionary Crystalline Silica Free Surface. Designed for beauty, durability and safety during fabrication, this surface retains its exceptional strength and aesthetics even with the inclusion of recycled materials and minerals. Its versatility makes it an ideal choice for applications such as benchtops, splashbacks, vanity tops, table tops, wall panelling, flooring and more.

Linnstone holds certifications from reputable organisations and undergoes regular verification through SGS testing and other quality assurance measures to ensure Zulite meets all Australian standards.

Choose Zulite by Linnstone: The innovative, superior choice for Crystalline Silica Free Surfaces. Experience the beauty, durability and quality for yourself.

- 1 Non-Porous**

Impervious to air, water, and other fluids, ensuring lasting quality.
- 2 Durable**

Durability is defined by its high resistance to abrasion, heat, compression, and corrosion.
- 3 Enduring**

Linnstone surfaces are SGS-tested for quality assurance and are backed by warranties.
- 4 Easy to Maintain**

General surface stains can be removed using water and mild cleaning products.
- 5 Hygienic**

High resistance to the growth of bacteria, mould, and mildew, keeping surfaces safe and clean.
- 6 Stain-Resistant**

Resistant to stains, easy to clean, and low maintenance.
- 7 Scratch-Resistant**

Highly resistant to scratches and not prone to scrapes.

Certification

Certified to international standards, Linnstone surfaces exceed expectations.

Warranty

At Linnstone, our customers are at the core of everything we do. Our Residential Lifetime Warranty and Commercial Limited Warranty demonstrate our commitment to supplying high-quality slabs to end users through certified fabricators.
